Came before me this day David Breadrick and says the annexed instrument is just true and original that he owes the Government for the articles of Clothing credited on the back of said instrument and nothing more on his own account or on account of any other person, that he has not sold retained or embezzled any arms munitions of war or any other property whatever belonging to the Republic of Texas or caused the same to have been done

Sworn to before me this 10th April 1837.
