July 1st 1837

Personally appeared before me in my office, in the city of Houston, Edward H. Winfield, who being duly sworn, saith that he was present at the time, the Contract and sale or agreement was made between Samuel B Stone & Milton Perry, and that his understanding of the matter was, that it was a Bona fide sale from the said Stone to the said Perry, and that the said Perry did pay to the said Stone, Store goods, from the Store of Messrs Handy & Lusk, which he believes was given as the consideration of sd Contract
