Republic of Texas. This is to certify, that while the Texian Army, was encamped at Gonzales, in February and March 1836. There were furnished to the army, from the Store of Saml. Williams, a large amount of goods, amounting to at least four thousand dollars consisting, of Coffee, Arms, Shoes Clothing, and tent cloth, all of which were absolutely necessary.

The proper vouchers were at that time not given, because the army was not yet organized and the wants of the Soldiers would not permit delay.
