Genl. Dunlap
Sec'y Treasury

Dear Sir

I see no reason myself why Mr. Woods company should not receive their portion of the dividends of the property &c. taken at Sanjacinto - but as you will preside to morrow in the New Equity Court I prefer to refer the matter to the adjudication of that Tribunal, as I am at this time too occupied with other subjects to direct my attention this question -

I consider you the presiding officer of the Court under the late law for setting such claims - you are also entitled to the counsels of the Attorney Genl.

Yours in haste

M B Lamar
