I certify that I was in the Expedition against Gen Woll in the Fall of 1842, in Capt Parsons Company, and that Robert Barkley was likewise a member of said Company, that he was killed in the Massacre, and that his Horse was taken by the mexicans, — and the family of said Robert Barkly nor any other person that I know of ever came in possession of the said horse afterwards, — I am satisfied that the horse was carried into mexico,

In presence of
H. H. Haynie
Clk Auditors office

R. A. Barkley
