The State of Texas
County of Montgomery

Before me the undersigned authority personally appeared Galen Hodges and Geo Rutschow citizens of this county and to me well known and fully credited, who being duly sworn depose and say - that they were known Thos Bridges as a citizen of this county for many years and that said Thos Bridges died in said county about seven years ago. They also depose that they knew Mrs H. H. Bridges, wife of said Thos Bridges and that they have been frequently informed and believe that she is dead. Also that such is the common report and accepted belief in the community where she formerly resided

Deponents further say that they know Mrs Celia B Oliver, formerly Bridges, and now the wife of Wm T. Oliver and that she is the only child, descendant, and heir of the parents the said Thos and Hannah Bridges deceased and further that said parents had no other children or their descendants so far as we know, or believe
