Galveston Febry 8th 1850

I certify that A. C. Bullock was a member of Capt Strange's Company of the Santa Fe Expedition under my Command, and served throughout the campaign — and further that I believe his Captain is not in the Country & that a regular discharge cannot now be had —

Dr Sir — I send you the above as you request it — but I am told that the Comptroller passes our accts, upon the muster rolls, and if so, no discharge is necessary — If he does not — the law ought to place the expedition upon the footing of all other military claimants —

I remain Truly Yours
