On the application of Geo. W. Davis for Corn furnished the army, in 1839.

Personally appeared before me the undersigned authority, C. S. Johnson to me well known, who on oath says; I recollect that in the Spring of 1839, George W. Davis of this County, furnished the Company of Capt M. Andrews one hundred and seventy bushels corn; I know these facts from personal knowledge - having assisted in measuring the corn; an account of which, I kept, and which I think, I have still in my possession. Deponent further says, the reason why I gave said Davis, a certificate of his having furnished 120 bushels - (bearing date January 7. 1840), was, that said Davis informed this deponent that he had already received pay for fifty bushels of said corn. which would still leave the 120 bushels unpaid for.
