Cincinnati Sept. 2 1851.

This certificate is to show that I am and have been for many years personally acquainted with the family and relatives of Richard Disney who fell in Texas during the conflict with Mexico — and that I know that David S. Disney of Cincinnati is the only survivor of the full blood of the brothers and sisters of the said Richard Disney — that the parents of the said Richard are both dead and that neither of his brothers, or sisters, of the full blood left any children.
