has pursued the proceeding to New York —

Col Huston who arrived about two weeks ago, proceeded to Mobile, where about $40,000 has been subscribed payable principally in paper, which now were answering his purpose, as he can dispose of it for articles Clothing &c for the use of the Army — no money can be raised here, and we shall send Col: Huston to the West where we believe considerable can be raised in Supplies of Provisions — Our last dates from Velasco were to 11 Inst — Congress were in Session & very thing tranquil — The Presidents message a very able document —
