favorable notice. Could it be plaid before those who acted with me in the dark days of the Country prior to the Battle of San Jacinto. I have little doubt my word would be taken for the justice of every item. If allowed it will be the first Dollar I have received from the Government for my services for near two years

Respectfully &c

Samuel Ellis

P.S. The commissions charged in A Hards account as there of the Brutus $ 105.62 was paid on obtaining the Loan for other services and not for mine
