Answers of Franklin L. Paschal to the Cross Interrogatories.

1st Cross. I joined the Army of Texas, whilst it was at Victoria, about the latter part of July 1836. I found Doctor Walter Forgate attached to the Army as a Surgeon, when I entered, I was furloughed in May 1837 during which time Forgate performed the duties of Surgeon; I do not know when he entered the service. He was in the service all the time that I was attached to it, and I think he continued until about 1839 or 1840. I think he was the head Surgeon of his Regiment, I do not know what money he may have expended, or how, or what amount of pay he may have received. I have stated my means of knowledge above, I saw him acting as Surgeon whilst I was attached to the Army; and I understood, and believe, that he was sent to San Antonio as a Surgeon of the Army of Texas.

Sworn to and subscribed before me this 21st day of Dec. 1858.

I was a Lieut. of Capt. Gustavus A. Parker's Company, from the 10th of June 1836. until the 10th of Sept. 1836. at which time said Company was discharged, I was then appointed Commissary of Gen. T. J. Green's Brigade in which capacity I acted until the re-organization of the Army about Dec. 1836. and then I was appointed Commissary of Col. Rodgers, Regiment in which capacity I served until I was furloughed in May 1837 whilst Commissary I rec. humanity orders from Dr. Forgate, Surgeon, for Hospital stores, which were under my charge.
