Let this be attended to the clerk in charge — 10 Feby —

From 22nd February 1840 — the date of his dismissal — to 22nd February 1841 — the presumed date of his designation there being no existing evidence on the subject — The act dated 29th February 1842 in the opinion of the Atty Genl fully restored him to all his rights as Commander and he is hereby allowed pay for one year's service as such, it being fully understood that the same is a total liquidation of the entire claim.
