I was strongly advised a month or two since by Gen Houston to make application to the Government of Texas for this claim of my Husband's. I have always intended so doing, and notwithstanding I have again united myself in marriage (some six months ago) I feel still, that as his due, it is justly mine.

In reply to Major Kiely's letter, You informed him that there was a small amount of Salary for actual services, which was held subject to my order. This amount I would be glad if You wld remit, at the same time You give me the information desired. This request however, I will make in the form of a receipt.

By complying with the above my dear Sir, You will greatly oblige

Yrs respectfully.

Annie F Bond.

formerly Mrs A. C. Hinton
