I have charged this item in my acct. at four hundred and fifty dollars. I took a receipt from Capt. Laurence, which was mislaid. I believe it was left with some of my private papers. The amount of the receipt was either four hundred and fifty dollars, or four hundred. I feel certain that the amt. was four hundred and fifty, and I am very positive that it was as much as four hundred. I will take measures to obtain the receipt or a certificate, and if it should prove to be over four hundred, I will modify the item.
