My dear Sir

May I trouble you with another small commission viz: as soon as you receive the necessary proof, make out the Certificate of J. McClanahan for his pay as one of the Santa Fe Prisoners and send the same to J. L. Addison N. Orleans

I'd greatly prefer it if you could make out the Certificate in my name as assignee

Enclosed is his power of Attorney & Vankiss' certificate that he recognises him as a Santa Fe Prisoner and please let me know how much I am in your debt that I may forward you the amount

I have never for a moment had any doubt of your reelection and altho I do not know the result of the August Elections, yet I take it for granted you are the Comptroller

Here we had no election — "between two stools we fell to the ground"

The Legislature shot proper without consulting any ones convenience to lay us off into a new County but we have not & I do not think will organize — Our population wd not just now furnish us with the necessary officers, even if every man were willing to hold an office

Very truly Yours
