Sir

Enclosed I send you a lot of claims against the late Republic which you will put in a situation to be audited & allowed. You can see what is necessary for my client to do. I could do a great deal of business of this sort if I have any instructions or forms to go by. Write to me upon receipt of this and send back to me whatever papers may be necessary to get his claims allowed. What has become of Duval I cannot get anything from him on those claims I sent you two years ago. By attention to this you oblig you
