Robert Caldwell Esqr
Notary Public

Dear Sir

I am in receipt of your favor of the 27 ult. informing me that James O. Myers Esqr. of the estate of his deed father had made oath before you that his father delivered me a beef in 1842 valued at $20, and requesting me to forward certificate to that effect, I have long since forwarded certificates of all the cattle delivered to me so far as my knowledge extends and having no recollection of the case referred to by you I cannot of course certify, Mr Myers recourse is on the Government and the Auditor or Controller will give him the necessary instructions

I regret my inability to assist Mr Myers in the premises

Yours respectfully
