Wm Nabors Jame Hudson Thos Green
Thos Rabb and a host of others also of Hazen
county and further more by refering to the
records of the Board of Land Commissioners
for Hazett Co, you will there find that
they granted me a certificate showing
that I was entitled to six hundred and forty
acres of Land as a single man for coming
to Texas, this was in the year thirty eight
or nine, you may see from the Records of
the same county that I paid Taxes served
as a Juror up to the year 1843 which
will show that I was in Texas six years.
The certificate of an honorable discharge
from the Ranging service, which I sent you
will show what time I served as a
volenteer, and further more I thought
you saw in the affidavit accompaning
the discharge that I had not received
any thing for that service, the account
which I sent you may also be proven
by any of those men from Hazett Co,
The pay for that term of service was that
which I asked you in my last if you
could collect without my coming to Texas,
you wrote me that I was entitled to 850 &
two hundred & forty acres of Land, can
you get this if so I wish to know it.
