This gentleman is at hand He was the consignee of the Vessel - his charater is above reproach

If all the Papers relating to this single transaction could be procured I would not ask $33.000 Texas money but three times that sum and the writer of the above who seems so anxious to husband the funds of the Govmt ought to be pleased that the Vockers are not to be had further than what Mr Harris will swear to = please to consider the Value of this single transaction.
