Document I

Wm H. Bowen Esqr.

Ans.

What more respectable Vouchers does the gentleman want? Must they have dates and figures - must dollars & cents be displayed on them? It is want of these, that causes me to seek redress of this court, which I was told was a court of equity. had I others I would not apply for this sum. Do these Vouchers not declare that good has has been done. Who can estimate the Value of such exertion at such a time?

Remark

Wm H. Bowen now resides at Carolina on the Trinity and has this moment thirty men in his employment building up that new Town to which he expects a large emigration from Senator Dist. So Carolina this Spring
