you will save me a deal of trouble by letting me know all in regard to these claims — I would suggest that, I think those audited claims would only be paid by a legal transfer upon them, and that it does not matter, who receives them; that they will only be paid by this mode of transfer

The 2 Stephenson claims you will see are transferred to me — this I think can be issued in my name, Not being sufficiently conversant in these matters, will you do me the kindness to (write, or) send to me by mail, what you suppose doing with these claims, and enclose the Drafts in the names of the Parties,) if it be correct

your attention to this will confer upon me a favor which will ever be remembered

Very Respectfully
Yours &c
James W Railey
