Cincinnati. July 13. 1850

Dear Sir

I am in receipt by the mail of this morning of your favor of June 11th containing certificate No 480. 2nd class for $2091.66. & dated June 6th. The draft of which you speak audited 19th of Feb 1846 in my favor for $2.793 18/c, was never received. You will perhaps find it among your own papers, for I have no doubt, on this day, being the last, when the Republic of Texas acted on accounts, actuated by your friendship for me, (& for which friendship I have ever been grateful) you had my account made out & audited. On the 19th of Feb 1846 I was frozen up in the heart of Germany & did not reach Houston until in latter part of May. It never came to hand to me & hence I cannot return it.

I thank you for the attention you have paid to my lands. & as the matters did not reach Mr Gray before leaving Houston I look for them here, when your drafts will be immediately paid.

Please inform me the steps necessary to be taken to get my additional scrip, inasmuch as I have not the first & never had. I want this diplomatic account settled up, for it has cost me much
