Before me Archibald S. Rutherford a Notary Public in and for said County this day came Wm. James West a citizen of Harris County to me well known, who being duly sworn says that the above account against the late Republic of Texas for sixty five dollars is just and true: that the property named therein was of the fair value stated and was furnished for the use of the Army as set forth in the receipts annexed marked No. 1 & No. 2: and that said receipts are original and genuine. He further says that he has never received pay for said property, and is not indebted to the Republic or State of Texas.

Sworn to and subscribed before me this second day of September A.D. 1837, to which I certify under my hand and official seal.
