service rendered as a soldier in 1836.
And I further State, that I was present and know of my own knowledge, that Rhoderick Anthony bought and gave the said Frederick Anthony his out fit for the army. That is he was furnished and equipped for the service by his brother gratuitously. That I dined and mustered with the said Anthony and slept and messed together — And I do further State that the said Frederick ~~in the same identical~~ Anthony the applicant for a pension is the same Frederick Anthony who was in the battle of San Antonio in the fall of 1835. — I know these facts from my own personal knowledge and from what I have above stated. And I do further state that Capt Anderson's Company was made up and mustered into service in the town of San Augustine, San Augustine County Texas in said year of 1835 — and that Anthony was discharged at said place, and returned to said place at the expiration of his term of service and that he afterwards Tenn in the year 1838, went back to Tennessee, and lived in Bedford County for a term of years and from Bedford Co, he removed to the County of Dyer State of Tennessee, where he now resides and has lived ever since
