County of Jackson ss.

D. A. N. Grover of Kansas City, in said County of Jackson being first duly sworn on his oath states: I have known Cabb A. Carpenter of this City since about the year 1858 we lived in the same part of the city and were frequently together sometimes after our first acquaintance and prior to the breaking out of our civil war (1861) I learned from frequent conversations with him that he had been an old soldier in the service of Texas in the Revolution of 1836 = The subject was interesting to me and I often conversed with him on the subject = I always gave full faith and credit to his statements in the matter and believed them as I do now that he had served in the army of Texas and against Mexico in the Revolution 1836 Mr Carpenter is now an old citizen in our midst has been honored with public trusts by his fellow citizens and now has the confidence and esteem of all who know him as a good citizen
I was a member of the Common Council of our city before the civil war, and since the close of the war
