Dear Sir

Your letter of 2nd ult. addressed to A. Bledsoe Comptroller, sending application for pension under a late law of our State, has been turned over to us, and the same placed on our list, Nothing ~~[illegible]~~ however, can be done with it at present, the Comptroller having suspended action on all similar applications, until the Legislature more clearly defines the meaning of the act passed at last session of the Legislature. That body being in session now, we presume they will take action thereon before they adjourn.

We will give the matter our prompt attention

Very Respectfully
Yr. Obt Servts.
