for the County of Bexar State of Texas personally appeared — G. P. Ashbury a Citizen of Bexar County to me well known who being duly sworn, under Oath declares and says that — in the Year 1836 he joined the Army on Peach Creek during the retreat, and that he heard at that time from his own Brothers Horatious and Thomas Ashbury who both had taken part in the Siege of Bexar, and from good many other Texian Soldiers speak of the dareing of Francisco Flores de Morales and of the numerous Service he had rendered to the Texian troops, by his timely reports about the projects and plans of the Enemy — That, on his return from San Jacinto to San Antonio, Affiant became — personally acquainted with said Fn. Flores de Morales who at that time showed himself to be a true patriot to the Country, and who, was acting as a Spy without being specially attached to any Company, but who was always ready to answer the Call of the Commanding Officer, and very often, acting as leader of Scouts, that in one of the Expeditions said Fco. Flores de Morales received two Lance Wounds in his left-arm, & one in his left side he was not disabled, although he feels the effect of these wounds in the change of the weather — Affiant, further states in honor of truth and justice that in his Conviction there is no man more worthy of a Pension from Texas, that said Fn. Flores de Morales who was known by all as Captain Flores Morales and Affiant adds that he is fully Convinced that all his fellow soldiers of that time, if called for would render a similar testimony in favor of that Meritorious Patriot & Texian.
