Liberty Tex, April 15th 1898

Dear Sir: – Yours of yesterday concerning Haygood pension received. Above is W. A. Neyland's statement concerning the matter. He further states to me that there was no question about the credibility of the witnesses, and that he could see no reason why Dixon demanded the cancellation of the Haygood pension, other than, probably, a failure to get his fee in the matter — Respectfully — W. J. Swilley
