I hereby certify on oath that I have been acquainted with Briant Humphries sixty one years or over from the year 1833 first in Tennessee that I was present when Capt Richard Hoopers company was organized in Shelby county, which the Discharge shows that Briant Humphries served in and I have no Hesitation in saying that he is the man who done the service and received the Bounty warrant spoken of and that he is still alive and resides in the Town of Macoupin this 25th January 1875
