Bryan Oct 20/71

Mr Bleadram

If it is necessary I can procure a copy of the roll from the clerks office at Nacogdoches Sucken County Georgia as to the time when A Parkers company volunteered and enrolled as Soldiers for the army in Texas A discriptive list was taken & recorded in that county of all of Parkers men & I will send for it that last it may be of benefit to the office for future reference

I believe it was in June I was regularly mustered into the service of Texas it may have been as early as may. Is it necessary for me to make the proof that I was a volunteer but not mustered into the service on the 21 of April 1836 I was on the way to the army at the time of the battle of Sanjacinto 21 April/36
