State of Texas
County of Bexar

Personally appears before me the undersigned authority Antonio Oliva a resident of the above State and County who being duly sworn deposes and says that he knows Matias Maldonado and knows that he was at the Battle of Concepcion and at the taking of Goliad when he was wounded a severely with a bayonet knows that said Maldonado is the same person whom he knew in 1835 and believes him justly entitled to a pension. Also that he has no interest in the claim of said party. farther than to see justice done to him as an old soldier.
