Nacogdoches, March 29th 1873

Hon A Bledsoe
Comptroller

Dear Sir.

Presuming that the obstacles to issuing Certificates to the Veterans of the Texas Revolution, mentioned in your last Communication to me some time since, have been now removed, (as I notice that several of those whose claims I represented have rec'd Certificates,) I beg leave to call your attention to the claim of Sam. W. McKneely entitled to Certificate for services and wounds received. Your last letter to me advised me that the proof and papers relating to his Claim were satisfactory. I refer you to the papers, my correspondence, and power of attorney sent by me to your office for evidence of my authority to receive the Certificate. Please forward it to me at Galveston to the Care of Walker & Walker Attorneys. If there are any Charges or fees advise me of same

Yours respectfully
Richard S. Walker
