Public Accounts
Austin Texas

Dear Sir

I have made applications for the last three or four years past, as I thought satisfactory, and according to Law, regulating applications for Pensions as a "Revision" of the Revolution of Texas from Mexico. My last papers I had made out Lexington as I was instructed by Mr McCall (Clerk of Pensions State of Texas)

I took great care to have the papers in every way complete and to fulfill every requirements

Elias McMillan

of the Law, as instructed by him. I entrusted them to be forwarded by an attorney here. but I cannot get any satisfaction from them in the way of an answer from Texas whatever.

I can not imagine any reasonable cause for delay I am inclined to think it is their fault. from the fact in all my own correspondance with the Departments at Austin Texas (which has been quite often) I have invariably received prompt answers.

I would like very much indeed to hear what has been done in my case. with regard to a Pension, as the Papers.
