I state in my application,
and I might refer you to many other
officers and soldiers, but I do not know
who is living, I made an informal
application on the passage of the first
law but sent no evidence, not knowing
what was necessary if I should be able
to obtain any testimony I must send
it on, but hoping the facts I have
referred to will be sufficient I will forward
my application and as I know of no one
who is acting as pension agent at Austin
I must address my self immediately
to the Dept Comptroller hoping for his
indulgence

Yours Respectfully W. E. Millen
