That the said Leary White was commanding a company for home protection at the same time, and knew the said William C. Moffatt well at the time as a member of said Company of Stirling le Roberton, knew him when he enlisted and when he was discharged and knew him to be the identical person with the person of the same name who was a private in said Company. And Affiants further say that they believe the said William le Moffatt to be entitled to a pension under the "Act of the Legislature approved Aug. 13, 1870, and the "Act of April 21, 1874." – They further say that they know the said William le Moffatt by a scar on the wrist of the right arm, diagonally across the pulse, which scar was on his wrist at the time he served in said Company in 1836.
