State of Texas } Before me Jno Rosenheimer a notary public in and for
County of Bexar } said County & state personally appeared John N. Seguin to me well known who having been duly sworn by me upon his Oath declares & says that he many years ago was acquainted with Lucians Pacheco whose parents were settled in San Antonio & where he was born that said Lucians Pacheco who has made the foregoing application for a Military Pension is the same & Identical man who joined the Texian troops & offered his services to Affiant at the end of Nov 1835 when the Texian force were established at the old Mill, that he entered the company of Affiant as a private and served as such during the Siege of Bexar; that at the storming of the place affiant remembers well that said Pacheco was a member ~~under~~ of the party under immediate orders of Affiant & that L. Pacheco continued in the volunteer service & that at the unexpected coming of Santa Anna he entered first the Alamo with the other Revolutionary soldiers, but was sent out with orders to bring back from the private lodgings of Affiant and Travis certain articles that had been forgotten in the hurry of the moment — that affiant did not see any more said Pacheco but on his return from San Jacinto at which time, he joined again the company of Affiant and left at the organization of regular Army & That since then Affiant never saw said Pacheco nor heard of him ignoring entirely of his ~~death~~ fate, that it was due to the neglect of L. Pacheco to present himself before Affiant and the other officers of the Company that his name was not included in the list they made over 18 years ~~ago~~
