my brother Ralph E. at Alma Mich-
Michigan and that he then removed
to Port-Austin Michigan at which
place I went to see him during the
summer of 1872, and spent a few
days there on a visit with him,
that in the year 1854 my father
Samuel Seey and the rest of our
family not having heard of Ralph
E. Seey for a number of years prior
from the year 1838 came to the con-
clusion that he was dead and we
rested under that impression until
the year 1871 when we heard of him
at Alma Mich-Michigan. And I
now swear positively that we were
mistaken in supposing Ralph E
Seey (who was in Texas in 1836, 7 & 8)
dead, and I further swear positively
that I saw and identified the same
Ralph E. Seey alive and well at
Port-Austin Michigan in the year
1872.
