I hereby certify that Le Ray De Chaumont, recieved Orders to proceed to San Antonio De Bexar, (as Captain of Cavalry, on or about the twentieth day of april 1837 - and continued in the service in that Capacity up to the time of his death - I recollect distinctly giving him his off orders, but on account of having no office, in which to transact business, in consequence of the recent removal of the seat of Government, it is likely the same were not copied into the record book.
