J S Spillers on August 18th 1886 as
agent for Mrs Mary Spillers
Mrs Spillers has employed me to in-
vestigate the matter and collect what
money is due her She never has
received a cent of this money if J S
Spillers collected it he appropriated it
to his own use. Mrs Spillers is old
and in destitute circumstances
entirely dependent on others for a
support If J S Spillers drew any
money he did so without authority
and should be punished for it He
has always been represented to Mrs
Spillers that no pension had been
granted him And she knew no
better until recently when she cor-
responded with his ~~grandson~~ son in law
who investigated the matter
which resulted in the correspondence
above referred to
