I am acquainted with John M. White V.C. since the year 1831 of Jackson Co. I recognise him as being the same person who make the foregoing application for Pension I know that he was in Service at Goliad under the command of Capt Collinsworth Oct 1835 and that he participated in the capture of the Town knowing him to be a man of Varacity he was detailed with an ascort a quantity of Provisions in a Command of Capt Geo Sousherland for St Antonio I believe him fully intitled to the benefit of the Act as approved 13 August 1870 for that purpose and his age age fully stated
