State of Texas }
Colorado County } This is to certify and make known to all whom it may concern, that on or about the 8th October 1835 (the commencement of our revolution with Mexico) I met at Hatch's on the La Baca River in Jackson Co, Texas with John M. White now living in said County (Jackson) in Company with some forty others from different portions of Texas who had assembled at that point as volunteers to capture the Town of Goliad and Fort of Goliad. then ~~Then~~ possession of the Mexicans. That on the night of the 10th under the Command of Capt Collinsworth we took the Fort when we remained until after the taking of San Antonio some time in December following. During the time Mr White was one of the Company, doing such services as he was able to do - sometimes on detail or detached service. I do not know - can not remember the exact time when Mr White procured his furlough, nor the period of his services, but believe it must have been two months at least.

Sworn to and subscribed before me this the 22nd day of June A.D. 1874.
