O R & P White states that his
family often received letters from
their brother John M White while
he was in Texas giving an account
of the war between Texas & Mexico
& stating that he had been in some
of the battles — affiants are state
that the said John M White is
now alive & living about three
miles North-East of Pulaski
where he has lived for the last
sixteen or seventeen years — and
they believe & have no doubt he
was in the revolution of Texas
& joined & belonged to the Texian
Volunteers by his name for the
purpose of the independence of Texas
against Mexico.
