State of Texas }
County of Bexar } Personally appeared before me the undersigned authority Quirino Garza who being by me duly sworn deposes and says, that he knew John R. Whitly in the year 1836, that he was a member of Capt Henry Carnes Cavalry Company, and that the party now present is the same identical John R. Whitly that he knew at (the battle of) San Jacinto in the year 1836. Affiant further declares that he has no interest whatever in the claim or pension of said Whitly, but believes him justly entitled to a pension under the recent law granting pensions to soldiers who participated in the Revolution that separated Texas from Mexico.
