Hon E Clark

Dear Sir

Enclosed please find an instrument from John W Lockhart authorizing me to receive his land certificate and also a few interrogatories propounded to Wm J Rogers and James W McDade of this county to establish the identity of John Lockhart please crop them and send them down to the notary public here if they are all right. I have never done much business in this line and am not well versed in the Modus operandi. Please let me hear from you soon and oblige

Yours &c
