Also on the same day & year personally appeared before me J. P. Morris Machinist of the said City who declared that he furnished the Engines and machinery for the aforesaid Steam Boat Charleston and that they were of the very first rate construction, workmanship and material for strength, use, and durability, and in all respects perfect and highly finished -

In testimony whereof the appearer hath hereto subscribed his name. Given under my hand & Seal of Office this 7th Jany 1846

J. P. Morris,

Fr-a: J Troubat
Not: Pub:
