To the Honorable Legislature of Texas:

The undersigned petitioner would respectfully represent that in the spring of 1836 a considerable quantity of bacon, flour, sugar, coffee and other supplies belonging to her was taken from the Schooner Flash, Capt. Halsel then lying in Galveston bay, by the officers of the government for public use, as will appear by the evidence submitted herewith. Referring to said evidence, and without detailing the circumstances as therein set forth, your petitioner prays for such relief as she is justly entitled to, and will ever pray

Respectfully

Angelina B. Eberly.
