Hon. Edward Clark

Comr. Court Claims

Austin. Tex.

With my respects of this morn.

I find I forgot to include the accompanying Bounty Warrant issued to John Flowers – No. 380 – for 1280 acres

This Warrant as you will perceive, issued upon the discharge of Flowers, which discharge had been legally transfered to Lachens Hamblin – The only evidence we have of this, is the indorsement of the fact on the back of the Warrant by the Secy. of War This indorsement ~~however~~ was evidently intended to vest the title in Hamblin, & to avoid the trouble of issuing another Warrant in the name of the assignee, the indorsement bearing same date as the Warrant –

If you are satisfied that Col. Bee had before him such transfer from Flowers, as would have authorised the issuance of the Warrant to Hamblin as assignee – I presume you will approve it to him accordingly –

Very respy. Yrs.
