Clarksville
Oct. 5th 1838.

Dr. Sir:

Enclosed you will find (No. 1) King's discharge and (No. 2) furlough from the Army which was by him transferred to Fishback, as will appear by (No. 3) the affidavit of Wilson and Arrington. I have an idea that the auditor will audit the discharge and the Sec. of War issue the land warrant upon the same, notwithstanding (owing to the ignorance of the parties) the transfer does not appear upon the back of it.

Attention to the matter will be respected and reciprocated as a favor by

Your friend & servt.
