County of Red River. }

Personally appeared before me, William Wheat, a Justice of the Peace in and for said County Thomas R. Wilson and Joel Arrington, citizens of the County aforesaid, who, after having been solemnly sworn, deposeth and saith, that they have ~~repeatedly~~ heard Wm. King say that he had sold his discharge for services rendered in the Texian army from and after the 15th of Aug. 1836, for the space of three months to Isaac N. Fishback for a valuable consideration, and further that, although the said King took the oath affixed to the discharge preparatory to selling and conveying the same to the said Fishback (from the want of knowledge as to the necessary forms and process) the same was not perhaps properly transferred, although deponents verily believe that the transfer and sale from King to Fishback was made in good faith by both parties.

Thomas R. Wilson
Joel Arrington

Sworn to and subscribed before me at Clarksville, this 4th day of Oct. 1838.
